

Five framework contracts for training of European Parliament personnel

2006-2008

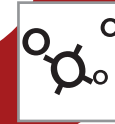

Project activities

- The general objective is to develop the individual abilities of staff, so as to allow the Parliament to adapt to the requisite changes and anticipate future needs by preparing individual members of staff and teams on an ongoing basis. Training is thus geared primarily to the professional activities of European Parliament staff. Preference is given to methodologies which maximise the transfer of skills to the workplace.
- DEMOS has been awarded the following contracts : Communication skills, Drafting skills, Development of occasional functions, Designing and implementing of administrative and workflow processes and Archiving
